**TWO POPULAR TEXTS IN ENGLISH COMPOSITION**

**THE WRITING OF ENGLISH**

By John M. Manly, Edith Rickert,  
and Martin Freeman, *University of Chicago*

The revision of this popular text has been most thorough. The chapters on the Short Paper, the Term Paper, Sentences, and the Study of Words have been almost entirely rewritten. The chapter on Sentences contains the most radical improvements, being the result of much study and experimentation. The present edition contains also all the corrective material from *The Writer's Index* that should be needed by the student. \$2.50

**CONSTRUCTIVE THEME WRITING**

By Mary Ellen Chase, *Smith College*

"It is an exceedingly valuable book. Miss Chase has chosen her material with a fine understanding of the many kinds of students who make up our freshman classes. Surely every instructor can find something here to meet his needs. The wide range of material is perhaps the first point of interest, but the book has additional virtues."—Mrs. Elinor Wallace Hiatt, *Long Beach Junior College*.
